

GAMING SAFETY

Provided by Utah NetSmartz and The Boys and Girls Clubs of Utah

WHAT YOU CAN DO

Take an active interest in the games your student plays. When you respect your student's interests, your student will be more likely to respect your rules.

Prepare your student to protect themselves. Time, attention, and active conversation are the best tools you can give your student to help them stay safe while gaming online.

Report inappropriate interactions. If your student is dealing with bullying or possible online enticement report it to **Report.CyberTip.org!**

PLAY YOUR STUDENT'S FAVORITE GAME TOGETHER.
